JUDGE DENIS DUNDON took his seat as County Judge of Bourbon County yesterday, and it might be said under a handicap, for the office was turned over to him by the outgoing Fiscal Court with a debt of from \$20,000 to 30,000 hanging over the county. It is safe to say though that the affairs of the county could not be in better hands than Judge Dundon's. He is one of the leading Attorneys at the Paris bar, a man of good judgment and whose integrity is unimpeachable. We believe, that although handicapped, he will conduct the affairs of the office in such a manner during his term that will reflect not only honor upon himself but upon the people of Bourbon County.

SENATOR C. B. Ecton, of this, the Twenty-eighth senatorial district, Friday, made another change of front in the race for United States Senator and announced in a card given out at Winchester that he had decided to fulfill his ante-election pledges and support Mr. Blackburn for re-election. It is to be hoped Mr. Ecton is sincere in this last change. This paper may have dealt with him a little harshly, but when we find out that he has for sure carried out his pledges to our people, we will take pleasure, probably, in forgetting the bad day the old man had. Anyway, it was hog-killing time and maybe his short illness was caused by eating too much fresh hog meat. It does go to your head sometimes. We are still for you Senator if your name is found in the Blackburn column, but if it is not there--. Continued in our next.

Hon. James M. O Brien entered upon his duties as Mayor of the City of Paris yesterday morning. We now repeat our prediction of several months ago, that if elected Mr. O'Brien would make one of the best Mayor's Paris over had and we hold to that opinion. He is a successful business man, and having been recently admitted to the Bourbon bar as a practicing attorney is sure to make a success of the law, and his reign as the Chief Magistrate of the City we feel will be crowned with success. His first official act is a letter addressed to each saloonkeeper in Paris, a copy of which can be seen in another column of this issue. He tells them that all of the city ordinances are to be enforced and especially the Sunday Closing law. It is a candid and sensible document, and anyone that knows Mr. O'Brien, knows that his word is as good as his bond; when he says a thing he means it, and the people can depend on the city ordinances of Paris being enforced during the next four years or we will admit we were mistaken in the man.

THE Board of Directors of State College is going to ask the Leg slature to vote them an appropriation of \$100,000 for improvements. The last Legislature voted the College, which by the way is a state institution, \$15,000. Auditor Hager said it was not constitutional and the Board of Directors employed Lewis McQuown, Chairman of the State Central Democratic Committee, Eli Bnown, Speaker of the last House, and W. O. Davis, a Democratic official of Woodford county, to carry the case to the Court of Appeals. The Court decided that the Auditor was mistaken and ordered the money paid over. The Board then voted the three gentlemen \$5,000 for collecting the \$15,000 the State had voted to the college. Notice the name of the lawyers, truly the "Machine" lawyers. Would it not be well for the Legislature to go slow on this \$100,000 appropriation now asked for. Auditor Hager may say this is unconstitutional, no telling, and if he did, it would mean nearly a \$40,000 lawyer fee for collection, and the College would only get \$60,000. That is. at the same ratio as this \$5,000 fee.

If it would be possible to get an anti-machine Committee to make an investigation of all this State College trouble that is constantly in the papers maybe the investigation would redound to the good of the College, the patrons and the public.

This institution should be an honor to our state. Every Kentuckian should take pride in it. If needed the \$100,000 should be voted, but we are opposed to that or any other amount being given to State College until there is a change in the managemen. When anything resembling graft is at work in an institution of this kind, it is time for the Legislature to wipe off the slate and fill in with other names. From newspaper accounts it would look like the main trouble at State College is too much Patterionism. "Old Pat," as he is called by college people, has stayed too long, and another head in our opinion would emove a great deal of the odium now attached to the in-

A Case Without a Parallel.

Barren County has a case of matrimony probably without a parallel in the state. Nearly two years ago Bud Wrenn moved from Warren County to a farm near Glasgow. Later he employed Jerry Clasbey. During the summer Blasbey showed Mrs. Wrenn such marked attention. that in the fall she and her husband were divorced, she marrying Clasbey a few days later. The newly wedded couple moved nearer Glasgow and began housekeeping.

Wrenn soon tired of single blessedness and went to the home of Clasbey and made satisfactory arrangements to live with him. Ordinarily the situation would be rather embarrassing, but Mrs. Clasbey seems to be getting along nicely with her present and her former husband. These conditions have existed for the last 18 months, and neighbors say that not the least ruffle has ever occurred to mar the happiness of the

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and early the Coldon Scal root. Stone and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybars in promoting digestion and building up, the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryntroubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. A Good Suggestion.

"There is a wide diversity of opinon as to what ought to be done with the Quay statue. Originally it was market for Corn, and will pay highest intended to figure as an adornment market price for same. of the Capital grounds at Harrisburg. Then came the referm cyclore and Directly opp. L. &. N. Freight Depot. the proposition to put the effigy inside the Capitol, out of the reach of vandalism. Next it was suggested that Beaver county would appreciate the statue as a gift; the Record favors its erection on the Governor's farm at Schwenkville, and a Schuylkill county legislator proposes that it should be placed over the Dauphin county jail."-Philadelphia Record.

The question is easily settled by the following good suggestion of the Courier-Journal "Why not place it in the Temple of Justice as a monument to the statute of limitations, which kept the subject of the statue out of the penitentiary? Such a statue to such a statute would not be ill-placed."

For Thirty Days We Are Going to do the Battle of Our Lives!

irday, Jan.6 Sale Begins Satı

TYE are going to do battle for the masses and not classes. Thirty Days we want to make this the greatest Cash Gathering Carnival that ever appeared in the history of the country, for with us it is cold cash we want, and we must have it quick. All former attempts at merchandising by us or any other concern, within 50 miles of this city, will be eclipsed beyond all question. The city will be in a stir as never before. A hustle and a bustle throughout the entire big store that will wake mortal man from his slumbers and make competition howl until you can hear them for blocks around. It will be a wonderful gathering of the people. We want Cash and we are going to give the people the benefit. We will raise the roof if necessary, It will be a hot time in the old time now.

We are going to pour shot and shell into the enemy's camp, until they will think they are once more storming Port Arthur. There will be cannonading all along the line, for with us it is cut loose and unload now, not later. Our loss will be the people's gain and we expect them for Fifty Miles around to turn out to this harvest for all the people and not the favored few. There never was such an undertaking in this city, and we do not believe there ever will be again. Absolutely \$1 here will do the work of \$1.50 to \$2 elsewhere, on many lines, and Next Saturday Morning, January 6, when these doors open, you will see such a gathering of people as never appeared on the streets of this city before.

RAIN OR SHINE THE BATTLE GOES ON:-We have put our word out to the people and you know how well we have kept it. Our word to you will be our bond, and there is not one item, or half a dozrn, going to be put out for bait, as you will find plenty trying to do, but OVER 4,000 ITEMS, all at a price that never met mortal man's eyes before. From one end of the big store to the other you will find the fluttering of red tickets with the price of destruction marked on them and staring you in the face, no matter which door you come in.

THE WHOLE SHOOTING MATCH GOES TO THE PUBLIC .- We want to do ten times the business of our lives, because we want Cash. We expect multitudes standing in line and your share will be for you.
